

REMARKS/ARGUMENTS

The Examiner has objected to the Specification and Claims based on some minor informalities. Specifically, the Examiner objected to direct reference to the claims in the Specification, and to the use of the European-styled word "polarisation" in the Claims. The Examiner also stated, however, that the Claims would be in condition for allowance after correction of the above informalities.

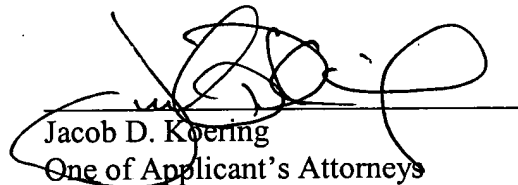

Accordingly, Applicant has amended the Specification and Claims above to remove the identified informalities. Applicant notes that no new matter has been added to the application with these amendments. Therefore, Applicant respectfully requests that the entire application be moved to allowance.

Should anything further be required, a telephone call to the undersigned at (312) 226-1818 is respectfully solicited.

Respectfully submitted,
